The investigation might include names and dates of criminal history records; social security number trace, residency history, sex offender registry, and GSA/OIG sanction report. Applicants should be aware of the provisions of the California Vocational Nurse Practice Act which requires the Board of Vocational Nursing & Psychiatric Technician Examiners to review the history of previous convictions. In those cases, where offenses bear a substantial relationship to the nursing profession, the Board may withhold the license.

- The Board has authority to revoke, suspend, or place on probation any license if the licensee has violated a provision of the law governing the profession (Business and Professions Code, Division 2, Chapter 6.5, Article 3).
